MEETING GUIDELINES:

- Vacation Training
- PETssoma
- InterPesca
- Sustainable Pet
- Bicycles
- Pet Site
- Pet in Schools
- Action of the 23rd
- Use of computers by non-petianos

REGISTER OF DECISIONS:

- Make a document of what was agreed with Mr. Raimundo on what will be done and used in the holiday training;
- Castanhal school farm will be able to accommodate 60 people, and it will be necessary to take some mattresses because it will have a deficit of 8 mattresses;
- A nursery shall be made available for nursery preparation activity. Register Interpesca, Petssoma and Pet in schools as a project and leave the project registered as long as possible. Use the form on the proex site specific to projects;
- Document the documents that will be forwarded to Proen so that there are no future problems and share these documents in Dropbox;
- Register Interpesca, Petssoma and Pet in schools as a project and leave the project registered as long as possible. Use the form on the proex site specific to projects;
- In the Pet in schools, create a spreadsheet of how many children have already participated and name the schools involved (will be made by Michel);
- Responsible for Interpesca: Michel, David and Mariana;
- Have a responsible person to inform the group about the activities and events that will occur;
- Register the Sustainable Pet lecture series as a proex event;
- The bike rack will be Valdo's responsibility with Noah (not petiano);
- On the site, have an option, register to receive news and activities of the Pet (will be the responsibility of Cibele);
- Have a subsite on the projects, one of them being the Pet in the schools, where it will have a map of all the visited schools containing names and dates, (being the responsibility of Mariana with Prof. Marko, with help of the data to be implanted of the Taiana and Trycia);
- Have a subsite also from Petssoma (it will be Michel's responsibility);
- Add a timeline on the site about the history of the Castanhal School Farm, (it will be the responsibility of Joelen, with the information that will be passed on by Mr. Raimundo),
- Renan will be in charge of the Pet story on the site;
- Create a database (endnote) where you will have all the publications of the members of the group such as ESO, TCC, published works and etc, so that it can be used on the site;
- Publishing sessions on the site will be Gabriel's responsibility;
- Make available to all Pet members the internal regulations so that all read and sign accepting the terms;
- Access to computers will be banned for non-Petiano.

Secretary of the Protocol: Mariana Braga
